In this documentation, you will find the steps to be executed to enable **Single Sign-On (SSO)** for iQ.Suite WebClient.

1 Enable SSO in iQ.Suite WebClient

To enable Single Sign-On in WebClient, proceed as follows:

1. In the **WebClient.json** under `<installdir>\webapp\`, set the value **useSSO** to 'true'.
2. Under `C:\Windows\System32\inet_srv\config\`, open the **applicationHost.config** of Microsoft IIS.
 - a) In the section `<section name="anonymousAuthentication" overrideModeDefault="Deny" />`, set the **overrideModeDefault** to 'Allow'.
 - b) In the section `<section name="windowsAuthentication" overrideModeDefault="Deny" />`, set the **overrideModeDefault** to 'Allow'.

2 Enable SSO in web browsers

In the web browsers **Google Chrome** and **Opera**, no special settings are required.

2.1 Firefox

To enable Single Sign-On in Mozilla Firefox, set in **about:config** the following values:

- `network.automatic-ntlm-auth.allow-non-fqdn = true`
- `signon.autologin.proxy = true`
- `network.auth.use-sspi = true`
- `network.automatic-ntlm-auth.trusted-uris = https://<webclient-url>/`

2.2 Internet Explorer / Microsoft Edge

To enable Single Sign-On in Internet Explorer or Microsoft Edge, proceed as follows:

1. Under **Internet options > Security**, add the URL `https://<webclient-url>/` to the **Local Intranet**.
2. Under **Local Intranet > Custom level > User Authentication...**, select one of the following options:
 - 'Automatic logon only in the Intranet zone'
 - 'Automatically logon with current username and password'

3 Login to iQ.Suite WebClient by using SSO

If SSO is enabled for your user, you must enter your credentials for login to the WebClient user interface **only once**.

If you are logged in and then log out, the login dialog which contains the **Login automatically (SSO)** button opens. If you click this button, you will be automatically logged in without having to enter your credentials:

The screenshot shows a web browser window with the title "GBS iQ.Suite WebClient". The address bar contains "devmk3:8099/#/logir". The page header features the GBS logo and the text "A BULPROS COMPANY". The main content area is titled "iQ.Suite WebClient" and includes the subtitle "Administration of email management environment via iQ.Suite WebClient." Below this, there are two input fields for "Username" and "Password", followed by a "Login" button. A red box highlights the "Login automatically (SSO)" button, which is preceded by the text "--- or ---".
